

International  
**Quidditch**  
Association

**January 16, 2022**

**Certificate of Affiliation - Federación Deportiva Peruana de Quidditch**

To Whom It May Concern,

I, Pauline Raes, am writing to you on behalf of IQA Sport, Inc., also known as the International Quidditch Association (IQA). The IQA is the international organization of quidditch, which works to develop quidditch as a sport worldwide. We work with the National Governing Bodies (NGBs) of quidditch to aid in their expansion. Amongst other things, we publish an international rulebook that provides a safe way to play quidditch, and which we revise on a regular basis. We also work to promote the values of quidditch – inclusivity, integrity, and accessibility – throughout the community. Lastly, we are the association responsible for organizing international quidditch tournaments, such as the World Cup and Continental Games.

We are writing you this letter to state that we recognize Federación Deportiva Peruana de Quidditch (FDPQ) as the National Governing Body of quidditch in Peru with a full member affiliation with the IQA.

We believe that quidditch in Peru has much potential and that becoming a proper organization will be beneficial to its ability to grow, expand, and attend international events. We believe that Quidditch Peru is an important component to this quidditch region and its success.

For additional information regarding quidditch and the International Quidditch Association, take a look at our website: <https://www.igasport.org/>. Also, please do not hesitate to contact us with any questions that you may have regarding quidditch as a sport, or FDPQ's standing within the IQA (contact information found below).

Best regards,

**Pauline Raes**

IQA Events and Membership Services Director
